Please take a few minutes to complete this 2013/2014 Health Survey for each dog you own. The information you provide could be vitally important to the long term well being of your favourite breed.

## THE 3rd JOINT SCHNAUZER BREEDS (Live Dogs) HEALTH SURVEY 2013/2014

(Please provide a separate report for each dog)

It is important that a **separate** report is given for each live dog - please report on **ALL** of your Dogs, even if they are perfectly healthy. For a true perspective on the health status of the breeds, it is as important to have confirmation that a dog is healthy as well as reports of dogs with established problems.

## Welcome to the 3rd **JOINT SCHNAUZER BREEDS HEALTH SURVEY**

2013/2014 Dec 2012

We urge you to continue your support and take part in this on-going study designed to measure health and welfare issues of the three sizes of Schnauzer. Once you have submitted information to the 2013/2014 Health Survey, you don't need to complete similar forms received from other clubs. On behalf of all three sizes of Schnauzer, our very grateful thanks for taking the time out to complete this Health Survey

This first section is important as it provides data on the longevity of all 3 sizes. It's about ANY adult dog that you have owned and that died in the last 10 years.

For each dog that has died (or was euthanased) please tell us about the cause(s) of death or reason(s) for euthanasia. Try to be as specific as possible and use extra sheets, if required. Please tell us the diagnosis made by your vet, whenever possible

Size: Schnauzer / Miniature Schnauzer / Giant Schnauzer								
1a. Ag	e at time of death:	Years	Months					
1b. Wa	as a Post-mortem performed :	Yes /	No					
1c. Reason(s) for euthanasia or cause(s) of death:								

Please use additional sheets, if required - your input is important and welcomed

Extra copies of this form can be downloaded from the clubs' websites, available at Club shows or from your Health Co-ordinator. If you have any particular health issue you wish to raise, please feel free to contact any one of the Health Co-ordinators (Karen Carroll, Barry Day, Chris Ellingworth or Tony McDermott)
